

A Discussion on the Cosmological Principle

25th - 28th October 2021

Invited Speakers

Alexei Starobinsky (Landau Institute for Theoretical Physics)
Ashok Kumar Singal (Physical Research Lab, Ahmedabad)
Asta Heinesen (Centre de Recherche Astrophysique de Lyon)
Chethan Krishnan (Indian Institute of Science)
Chris Clarkson (Queen Mary London)
Christos Tsagas (Aristotle University of Thessaloniki)
Damien Hutsemékers (University of Liège)
David Parkinson (Korea Astronomy & Space Science Institute)
David Wiltshire (University of Canterbury)
Dominik Schwarz (Universität Bielefeld)
Douglas Scott (University of British Columbia)
Dragan Huterer (University of Michigan)
George Smoot (Hong Kong University of Science and Technology)
Hee-Jong Seo (Ohio University)
Jiro Soda (Kobe University)
Konstantinos Migkas (Universität Bonn)
Lu Yin (Sogang University)
Miguel Quartin (Universidade Federal do Rio de Janeiro)
Nathan Secrest (US Naval Observatory)
Pravabati Chingangbam (Indian Institute of Astrophysics)
Roger Clowes & Alexia Lopez (University of Central Lancashire)
Roy Maartens (University of the Western Cape)
Ruth Durrer (Université de Genève)
Shao-Jiang Wang (Chinese Academy of Sciences, Beijing)
Subir Sarkar (University of Oxford)
Tamara Davis (University of Queensland)
Wahidur Rahman (Imperial College London)
Wen Zhao (University of Science and Technology of China)
